HOW WE CAN HELP

The Midlands Fraud Forum promotes an awareness of fraud issues and educates everyone on effective fraud prevention measures.

The aim of the Midlands Fraud Forum is to provide an industry led initiative involving public and private sectors to reduce fraud by:

- Increasing awareness of fraud
- Communicating the risk
- Promoting best practice in countering fraud

HOW WE DO THIS

We will fulfil our mission through the development and delivery of our:

- Education strategy
- Media Strategy
- Funding Strategy
- Networking/Membership Structure

Effective fraud prevention requires us to be open about our experiences and share our knowledge.

Changes in the Government's approach to fraud have started a culture change, particularly with regards to private individuals but much work is still required in the corporate sector. In common with the other fraud forums across the country, a key aim of the Midlands Fraud Forum is to encourage and participate in this knowledge sharing.
